WHY CHOOSE BALC?

At Ballarat Aquatic and Lifestyle Centre, we offer a range of programs to assist the Ballarat school community and surrounding areas achieve their health and wellness goals. All our programs can be modified so your students are able to benefit from our quality programs whilst participating in a fun and motivational environment with fellow class mates.

We provide qualified and experienced staff who are required to update their knowledge and skills regularly. All staff have completed a mandatory police check and hold a current Working With Children check as well as current qualifications relative to their position.

Our gymnastics and aquatic education programs are committed to supporting the Victorian curriculum. Our aquatic education and gymnastics programs are aligned with the Victorian curriculum reporting system as a demonstration of our commitment to delivering quality programs.

We recommend that this booklet is kept as a resource to assist and support your educational program. If you have any queries regarding our programs, services or facilities please do not hesitate to contact us. Contact details can be found on page 23 of this booklet.

We look forward to welcoming your school to BALC!

AQUATIC EDUCATION

Swimming and water safety education is an important life skill that we take seriously. Our programs cater for all ages including infants, children and adults. Our programs are fun and effective and involve both swimming and water safety skills.

The Swim and Survive program is aligned with the National Swimming and Water Safety Framework. The National Swimming and Water Safety Framework sets out a core structure to enable people to develop the skills, knowledge, understanding, attitudes and behaviours they need to enjoy a range of aquatic environments safely.

During your school's swimming program, participating students will receive a complimentary unlimited swim pass to use throughout the term. Aquatic learning takes time to achieve results, so unlimited access to our pools provides your students the opportunity to gain additional practical experience outside of their scheduled class.

Upon completion of the program, schools will receive an indication of where each student sits as per the competency levels within the Swim and Survive program, which is mapped to the Victorian curriculum. Students will also receive a certificate of participation.

All students participating in our Swim and Survive program receive a complimentary swim pass giving them unlimited swimming anytime throughout the term.

Pricing structure

Fees and charges effective 2021

Student : Teacher ratio	Student fee per 45 minute lesson	Student fee per 60 minute lesson
4 : 1	\$11.00	\$13.50
5 : 1	\$9.50	\$11.50
6 : 1	\$8.50	\$10.20
7 : 1	\$7.80	\$9.20
8 : 1	\$7.25	\$8.50
9 : 1	\$6.85	\$7.95
10 : 1	\$6.50	\$7.50

Ratios

Please note that although schools are able to choose their ratio for the program, we will not exceed a ratio of 10:1. Flexibility can be arranged where students may have special requirements/needs to be attended to.

Program operations

When we have confirmed your program booking, you will be required to provide a class list with students that will be swimming *only*. You will also be required to provide medical and/or behavioural forms for all students participating in the program if applicable.

A weekly supervisor roster will be sent containing a list of swimming groups and their corresponding teacher, plus your grandstand bay and changeroom allocation. Once students have arrived at the Centre and are changed, we ask that bags are placed in their allocated grandstand bay and students are organised into groups under the grandstand according to their swim teacher.

Teachers are required to bring and wear a hi vis safety vest at all times while on pool deck so they are easily identifiable to swim school staff.

Attire

Please ensure that appropriate swimming attire is worn by students participating in the program. Long hair should be tied back or worn in a swim cap and the use of goggles is optional. A sturdy bag containing a towel and clothing is required.

Discipline policy

Our swim school expects appropriate student behaviour during lessons. In circumstances where students are being disruptive, they are given three chances to improve their behaviour:

- On the first warning they are told that their behaviour is not appropriate and are given ways to improve it.
- If the behaviour does not improve, they are removed from the activity and are required to stand next to the teacher in the pool.
- If their behaviour continues the student is given time out on pool side (no longer than three minutes). The student is then invited back to join the lesson.

If the behaviour continues then a school teacher or parent will be called to remove the student from the water for the remainder of the lesson.

Change rooms

Schools will be allocated to a specific change area. These group change areas will be either the 25m pool group change rooms or the 50m pool group change rooms.

Teaching safe diving skills

Learning to swim and to be safe in aquatic environments encompasses many skills. As part of their learning experience at BALC, students will gain knowledge and understanding around a number of ways to enter an aquatic environment, including diving.

Lead-up skills for low-risk dives will be incorporated in our Swim and Survive program. As each student progresses through the diving steps as outlined by AUSTSWIM, they will be assessed by an Aquatic Liaison Officer.

Program availability

The BALC Swim and Survive program has a set number of places available each term. Please refer to the appendix at the back of this document for session times and booking details. Multiple bookings must be made individually. For example, each individual program number must be accompanied with a separate booking sheet, indicating the grade/s and numbers of students attending that program.

SIMULATED OPEN WATER PROGRAM

Our Simulated Open Water Program is offered to all students in our Swim and Survive active program.

This comprehensive program is structured to provide students the opportunity to experience water safety hazards in a safe pool environment.

Our Simulated Open Water Program consists of a number of stations which incorporate environmental and risk awareness, survival and rescue skills, and an introduction to emergency response. Working through the stations, students have the opportunity to assess their own personal competency and understand their vulnerability in a variety of open water scenarios.

The stations include:

- Underwater swimming
- Slippery banks and understanding accidental entries
- Overturned boat scenario
- Lifejackets: understanding the features of different jackets and when to wear them
- Boogie boards

The program is conducted within our Swim and Survive Active Program, or can be conducted as a stand-alone 2-hour circuit.

THEORY WATER SAFETY PROGRAM

The BALC Aquatic Education team provides a comprehensive theory program, developed as an interactive session to inform students of all ages about the importance of safety and awareness in a variety of open water scenarios.

The program is suitable for kindergartens, primary schools, English language schools and community education sessions.

The unique interactive curriculum of the program provides opportunities for participants to learn vital water safety knowledge using virtual reality, magnetic storyboards, interactive role-play and Life Saving Victoria's Everyday Lifesaver app.

We are passionate about spreading the water safety message to as many people as possible. This program supports our Swim and Survive pool-based program and can be included as part of an Aquatic Education booking or can be booked as a stand-alone program (price on application). Contact the Aquatic Education department for more information.

Victorian Water Safety Certificate (VWSC)

By the end of Year 6 it is anticipated that students are able to demonstrate the skills and knowledge in the VWSC. As part of your schools program our staff will assess your students' competencies against the VWSC criteria and apply for students certificates on your behalf.

SWIMMING IN SCHOOLS FUNDING

The Swimming in Schools funding package, introduced in 2018, is designed to increase opportunities for students to learn how to swim, and ensure they develop lifelong skills in swimming and water safety to reduce their risk of drowning and injury.

This funding will support schools to fulfil the swimming and water safety requirements of Health and Physical Education in the Victorian curriculum F-10, which expects students will achieve the swimming and water safety skills set out by the Victorian School Water Safety Certificate before leaving primary school. Schools can use the funding for both in-water practical components and in-class theory components.

Swimming in Schools FAQ

How much funding is available to support my school to deliver swimming and water safety programs?

Funding is allocated based on the number of Year 6 enrolments at your school and per student in government specialist schools. Schools in regional Victoria are allocated \$158 per student.

Schools have the flexibility to use the funding towards the cost of swimming and water safety education programs to best meet their schools needs e.g. funding can be used to support any year level.

How does my school receive the funding?

Government schools will receive funding through the Student Resource Package (SRP) and Catholic primary schools will receive funding directly from the Catholic Education Commission of Victoria.

Can funding be used for transport to and from swimming lessons?

Yes, funding can go towards the cost of transport.

Can schools on-charge the cost of swimming and water safety programs to parents?

Parents cannot be charged for instruction costs associated with swimming. For further details please refer to the Parent Payments Policy available on the Department of Education website.

What knowledge and skills must be identified for students to gain their Victorian Water Safety Certificate?

The certificate is awarded when a student can swim 50m continuously, answer water safety-based questions and perform simple rescues.

Who can I speak to for more information?

For more details, please contact our Aquatic Education department who can assist with further questions and help your school fulfil its aquatic education needs.

GYMNASTICS

Programs provided by our gymnastics team have been developed by our accredited gymnastics coaches to maximize the benefits it provides to students. This includes encouraging the development of fundamental motor skills used throughout other sports into the future.

Through the program, we focus on building the participants' confidence, coordination, creativity and self-discipline, while learning the necessary progressions to develop basic gymnastics skills. Our gymnastics program is directly linked to the Victorian curriculum and meets a majority of the Movement and Physical Activity statements.

The program, which can be flexibly run in blocks ranging from one to 11 weeks, focuses on correct warm up, stretching and gymnastics techniques. Programs comprise week to week rotations on different apparatus in the Gymnastics Hall, focusing on all apparatus including floor, beam, bars, vault, parallel bars, trampoline and rings. Students are guided through progressions for many gymnastics skills that promote balance, spatial awareness and coordination.

Within the program, the students will participate in team building challenges which foster team work, and games and activities to challenge their movement patterns and strategy. All groups also participate in the 'Tabloids' session in the last week of their program where participants are involved in a giant circuit around the gymnastics hall in an exciting and energetic atmosphere. We encourage supervising teachers or group leaders to actively support the program in whichever way they feel comfortable.

Ratios

All our gymnastics coaches are fully accredited in accordance with Gymnastics Australia and hold a current Working with Children Check. Our programs are conducted at a ratio below or equal to 15:1. This is required to be confirmed at the time of booking.

Program operations

Weekly lessons are conducted between 11am and 3pm Monday to Friday.

School holiday programs sessions are available on request.

Attire

Please ensure that all participants (including supervising teachers/group leaders and aides/carers) in the group are prepared and wearing correct attire as follows:

- Appropriate clothing is to be worn e.g. tracksuit pants, leggings or shorts. All participants are required to have bare feet. Please avoid wearing denim clothing or clothing with zips, buttons and buckles as it limits the apparatus the participant can use.
- All long hair is tied back.
- **All jewellery (rings, watches, earrings, necklaces, bracelets, etc.) is to be removed.**
- Bring a water bottle containing water. A water fountain is available to use or to refill water bottles when required.

ROCK CLIMBING

Rock climbing is a fantastic sport for children as it challenges their skills and takes them out of their comfort zone. The strength, agility and resilience that rock climbing teaches are excellent building blocks for a range of other sports and physical activities.

Our Gymnastics Hall features a rock climbing wall that is accessible to a wide variety of ages and abilities. There are six automatic belay systems which keep climbers safe on the ascent and the descent. Each of the six walls have at least three different climbing routes which allows climbers to be challenged at their own level. Our rock climbing instructor will assist with securing harnesses, completing safety checks and encouraging climbers to reach their rock climbing potential.

School groups can book the rock wall exclusively or add rock climbing to their gymnastic lessons. A maximum of 12 children can participate in a rock climbing session and there is the option of booking a one-off session or a block of sessions.

Pricing structure

Fees and charges effective 2021

No. of students	Student fee per 60 minute Session	Student fee per 90 minute session	Student fee per 120 minute Session
1 to 12	\$6.90	\$8.50	\$10.15

Exclusive rock climbing sessions

Up to 12 children per session. A one-hour session duration is recommended.

Rock climbing sessions within a gymnastics program booking

Depending on your group numbers, a variety of options are available. With a larger number of students, the majority of students would participate in the gymnastics program, with a group of 10-12 students utilising the rock wall concurrently. In the proceeding sessions, a new group of students would rock climb, giving every pupil in the booking an experience on the rock wall.

Please note

If rock climbing is included in a gymnastics program booking, schools may need to pay for an extra instructor per gymnastics session, depending on the number of students.

Attire

- Clothing that allows students to move freely, e.g. t-shirt, shorts, leggings, tracksuit bottoms.
- As the students are wearing a harness, skirts and dresses aren't appropriate clothing.
- **Closed toe sport shoes (e.g. runners) are to be worn. No sandals, crocs, thongs or slip-on shoes.**
- Long hair is tied back.
- All jewellery and watches are to be removed.

Rock climbing rules

- You must be 5 years of age or older to climb.
- A safety briefing must be completed prior to climbing.
- Harnesses must be worn at all times when climbing.
- No climbing without being clipped properly into the auto belay rope and carabiner.
- The first time you climb, practice your descent (approx. 2m) to ensure you are comfortable.
- Do not pull on the auto belay before you let go.
- All climbers must demonstrate proper descent technique to Centre staff prior to climbing.
- Make sure the area below is clear before you descend.
- All climbers must wear appropriate footwear. No bare foot climbing.
- No food or drink in the climbing and gymnastics areas.
- Do not swing on the ropes. No running or jumping off padded gymnastics equipment, back flips, wrestling, etc.
- Unruly conduct, not following staff directions, or not following the rules of the facility will be cause for removal from the gym. The use of vulgar language or improper conduct is not permitted. Please refrain from yelling or screaming.

Talk to us about combining rock climbing with a gymnastics program!

GROUP FITNESS

Participating in group fitness programs is an exciting, motivating and fun way to encourage exercise within a group setting. BALC's qualified instructors deliver sessions aimed to improve mobility, flexibility, coordination, motor skills, strength and an increase in cardiovascular fitness.

In keeping up with the latest health and fitness trends, we can deliver the following programs:

PROGRAM BOOKINGS

Booking procedure

Bookings for 2021 will be open between **Monday 2 November** and **Friday 13 November**.

We encourage all schools to complete the relevant online booking form using the link below to ensure that their preferences are secured. Bookings will still be accepted after this time, however we cannot guarantee your preferences will be available.

Bookings for Group Fitness classes can be made at any time, subject to instructor availability.

[Click here for the online booking forms](#)

All booking forms can be found online at www.ballarataquaticcentre.com/activeschools

Once we have processed your request, you will be sent a booking confirmation email which will contain:

- The tentative number of people participating in the program.
- Program details including session times and dates.
- Any requirements for your group (as requested by the group organiser).

Multiple department bookings

We encourage the use of multiple department bookings (particularly when you may wish to consider travel costs) and we can assist with the coordination of these programs. For example, you may wish to organise a gymnastics or group fitness class followed by a swimming lesson.

If you would like to access more than one department, or have rotating activities, please contact one of the departments on the contact list found on page 23 with the details of your booking and we can determine and advise of possible times and dates.

Conditions of booking

You will be required to confirm the exact number of students participating in the program no later than three (3) weeks prior to your session, by providing a class list of students who are attending. The booking confirmation email will act as an agreement that the dates will be reserved for your group to attend as specified. In particular, we understand the importance of schools being able to book in advance to plan for the year ahead.

Please note: once dates are confirmed they will be reserved, making it difficult to rebook if a cancellation does occur.

Cancellation policy

Due to high demand for the facilities and programs, all groups will be required to pay the following cancellation fee if a cancellation occurs after the confirmation of programs.

Notice given	Fee incurred
Greater than three (3) weeks' notice	20% of full price
Less than three (3) weeks' notice	50% of full price
Less than 24 hours' notice	100% of full price

Invoicing

Upon final confirmation of dates and exact participant numbers, an invoice will be forwarded to your school for facilities and programs booked. No credits will apply for any students not participating after final confirmation has been received unless a medical certificate has been provided.

Arrival

On arrival, you must report to our Customer Service team to confirm and register your attendance. You will then be directed to a suitable waiting area. Please be considerate of other users of our Centre and ensure that students do not make excessive noise or block walkways and corridors.

Anyone undertaking the BALC Aquatic Education program will be directed to the school group change rooms in the 25m pool or 50m pool area prior to waiting in the grandstand. Alternately, if you are participating in a gymnastics or group fitness program you will be directed to wait in the viewing area upstairs.

Special requirements

It's important that we are informed of any special requirements for the group and/or its participants. This can include:

- Important medical information and conditions.
- Participants who require an aide/carer.

Appendix

Aquatic Education session times

SESSION TIMES

Please refer to the tables in this appendix when completing your booking request form for our Aquatic Education program.

Due to the popularity of our aquatic education program, schools will be asked to select their preferred session times, indicated by the **program number** for each term.

The program number you select determines the day, date and time of your school's attendance. If you are selecting multiple program numbers, you will need to complete a separate online booking form for each program.

Intensive classes run each day at the same time during the last week of Term 2 and Term 3, and during the first week of Term 4.

Maximum number of sessions a school will have each term will vary due to term length and public holidays.

You will be notified by email of your confirmed booking after the close of bookings on Friday 23 October 2020.

If you have any questions, please do not hesitate to contact a member of the Aquatic Education team. Details can be found on page 23 of this booklet.
